SINCE BIG MOUNTAIN RESORT began, it has remained pure. Glorious skiing in winter. Fields of wildflowers in summer. And the genuine town of Whitefish year-round. Sure, we've added things since the early days, like lifts and a gondola for getting to the summit and a beautiful base village with lodging and dining. But then, all they spoil is you. 800-858-4149 or *www.bigmtn.com/MTP*.

THE BIOGRAPHY OF LONE PEAK

A long time ago Montana gave birth to Lone Mountain. To celebrate, Mother Nature sent wildflowers and perpetual blue skies.

Ahh, the joys of summer in Montana. Everything from fly-fishing to horseback riding and golf to relaxing at the spa. And we're just 18 miles from Yellowstone Park. After a day of exploring, come home to resort-quality service and a four star meal. And with world-class skiing in winter, there's truly something for everyone.

Big Sky. Montana. A place all your own.

BIG SKY
MONTANA

WHATEVER

YOU'RE LOOKING FOR IN
A MONTANA VACATION,
YOU'VE JUST FOUND IT.

Ramble over miles of pristine wild lands. Gaze at the hanging valleys and emerald peaks of Glacier National Park. Fish a clear mountain stream. Hike an alpine trail. Ski through open glades. Glide down groomed cross-country trails. Stroll an honest main street. Enjoy one fine meal after another. Return a friendly wave. Whitefish, Montana, it's everything you're looking for in a vacation. And then some.

HUNTING

Information on Montana's hunting opportunities, as well as hunting rules, regulations, fee schedules and licensing criteria, is available from any Fish, Wildlife & Parks office or any licensing provider. Nonresidents may hunt elk only by applying for a nonresident Big Game Deer/Elk Combination License (or a nonresident Big Game Elk Combination License), which includes a conservation, elk and deer "A" license and hunting access enhancement fee, and authorizes upland game bird hunting and fishing as well. The deadline to apply for these combination licenses is March 15.

Residents may purchase a Sportsman's License, which includes a conservation, deer "A", and elk license with or without a black bear license. It also authorizes upland game bird hunting and fishing. Individual elk, deer and bear licenses are also available for residents, as are fishing licenses and upland bird hunting licenses. Residents and nonresidents may apply for special drawings. The deadline to apply for moose, sheep or goat is May 1. The deadline to apply for antelope, deer, deer "B" and special elk permits is June 1.

For information on nonresident hunting of other species, including mountain lion, black bear, waterfowl, etc., please contact Fish, Wildlife & Parks at 406-444-2535.

NATIONAL PARKS

A Golden Eagle Pass permitting entry into all national parks as well as Forest Service visitor centers, parking areas and developed day-use recreation sites is $65, valid for one year from the date of issue. Golden Age passes for U.S. citizens or permanent residents of the U.S. 62 and older are available for $10/person (one-time fee for lifetime pass). Golden Access passes for U.S. citizens or permanent residents of the U.S. who are blind or permanently disabled are free with appropriate documentation. Passes are available at entrances to the parks and most Forest Service offices. In addition to Golden Passports the parks sell the National Parks Pass, which is only honored at sites operated by the National Park Service. However, the National Parks Pass can be upgraded by purchasing a Golden Eagle Hologram for $15.

Glacier National Park
Lying in a rugged section of the northern Rockies, Glacier National Park joins Waterton Lakes National Park in Alberta, Canada, to create Waterton-Glacier International Peace Park. Glacier has more than 700 miles of maintained foot and horse trails. Going-to-the-Sun Road is a spectacular 52-mile highway through Glacier, crossing the Continental Divide at Logan Pass.

In 2006, Glacier National Park will begin to provide alternative transportation options to enhance the visitor experience in the park. These voluntary options will support the reconstruction of the historic Going-to-the-Sun Road. In addition, timely and accurate road status reports will be provided on the park's website, www.nps.gov/glac/home.htm, and local traveler information radio broadcasts or call the park at 406-888-7800.

Going-to-the-Sun Road remains open until the Monday following the third Sunday in October. Weather determines spring opening of road. Accommodations in historical hotels and lodges available mid-May through much of September. A pass valid for one year is $20. A pass for one week (seven days) is currently $10.

Going-to-the-Sun Road restrictions: Vehicles longer than 21 feet (including bumpers) and wider than 8 feet (including mirrors) are prohibited on this road between Avalanche Campground and the Sun Point parking area. Trailers and over-length vehicles may be left at campsites or parking areas. Rental cars are available at nearby towns; a shuttle service is available July/August, call the park for details. For bus tours call 406-892-2525; for Blackfeet interpretive bus tours mid-June through September call 406-226-9220 or 800-SUN-9220; for boat tours call 406-257-2426 or 403-859-2362 (Waterton Lake only); for guided backpacking and hiking trips call 800-521-7238 or 406-387-5555; for horseback rides call 406-732-4203; for shelter reservations at Granite Park Chalet (cook your own meals) call 406-387-5555. For traditional lodging at Sperry Chalet call 888-345-2649. Reservation systems are available for Fish Creek and St. Mary campgrounds at 800-365-CAMP (2267). Otherwise, campsites are available on a first-come, first-serve basis.

Yellowstone National Park
The world's first national park is renowned for its spouting geysers, bubbling mud caldrons, canyons, rivers and lakes, waterfalls and abundant wildlife. Yellowstone encompasses 2.2 million acres of scenic beauty. Three of the entrances to Yellowstone are in Montana—West Yellowstone, Gardiner and Cooke City. A seven-day combination pass to Yellowstone and to Grand Teton National Park in Wyoming is currently $20 per private vehicle. There is also an annual pass to Yellowstone and to Grand Teton available for $40.

The only road open to vehicles year-round in the park is the North Entrance at Gardiner to the Northeast Entrance at Cooke City. All other entrances to the park close the Monday after the first Sunday of November to vehicle traffic. Winter season for the park begins mid-December. The park re-opens to vehicles in spring; weather conditions determine all opening/closing dates—call for details prior to leaving.

For local information and services, contact the gateway communities of Cooke City, Gardiner and West Yellowstone (see pages 17 and 100).

OFF-HIGHWAY VEHICLE USE

U.S. Forest Service (FS) and BLM lands provide trail riding opportunities for off-highway vehicles (OHV), such as motorcycles and ATVs. Cross-country travel is prohibited on FS lands. For trail information, contact the FS or BLM office closest to the area where you plan to use your OHV. (See regional sections in this book.)

All OHVs used for recreation on public lands must be registered and display a current OHV decal. A nonresident using an OHV that is not registered in a nonresident's home state must purchase a nonresident temporary-use permit.

Permits and regulations are available from any Fish, Wildlife & Parks office.

STATE SCHOOL TRUST LANDS

The Montana Department of Natural Resources & Conservation (DNRC) administers and manages Montana's 5.2 million acres of state school trust lands, including state forests. The agency is responsible for the stewardship, sustainability and improvement of the resources and benefits derived from these lands for current and future generations.

A State Land Recreational Use License, available from Fish, Wildlife & Parks (FWP) license providers, is required to conduct most recreational activities (except hunting, fishing and trapping) on state land. Effective March 1, 2004, a Conservation License, also available from FWP license providers, is now the license necessary to access state land to hunt and fish. While the fee for trapping on state land is now also included in a Conservation License, trappers need to acquire a Special Recreational Use License from DNRC prior to trapping on state land.

Pamphlets that provide information regarding the rules, regulations and restrictions governing these activities on state land are available from FWP offices, license providers and DNRC offices.

STATE PARKS

The Montana State Parks system is composed of 43 natural, cultural and recreational gems. Many sites offer camping, hiking, water sports, wildlife watching, fishing and interpretive presentations. You can tour colorful limestone caverns, dive into the crystal waters of a cool mountain lake and learn about Native American culture, dinosaur fossils and Lewis and Clark. Take advantage of the many recreational and educational opportunities waiting for you at Montana's state parks.

Entrance fees to the parks are pre-paid by Montana residents through their vehicle registration. A small entrance fee is charged to nonresidents at developed sites, and State Park Passports are also available to out-of-state visitors. The passport does not cover camping fees. Fees are subject to change.

WATCHABLE WILDLIFE

A pair of binoculars will come in handy as you discover the pleasures of one of Montana's most popular pastimes—wildlife watching. Elk, deer and antelope roam freely across Montana's vast countryside. Hundreds of different bird species, including bald eagles, hawks and great blue herons are frequently spotted. Montana is home to bison, mountain goats, bighorn sheep and the last remaining grizzly bear population in the lower 48 states. Look for the brown and white signs depicting binoculars as you travel. These point the way to designated wildlife viewing sites. A tip from the experts: the best time to see wildlife is right at dawn and, second best, at dusk. *Montana Wildlife Viewing Guides* are available for purchase through local bookstores.

Glacier Country is a dramatic mix of mountains and water. It starts with Glacier National Park and Flathead Lake. Add the Bob Marshall Wilderness, the Flathead Wild & Scenic River, the picturesque Bitterroot Valley, Missoula's cultural community, the National Bison Range, Lake Koocanusa's record-breaking trout fishing, two Native American tribes: the Blackfeet and Salish Kootenai, and you'll know why Glacier Country is a destination in itself. Virginia City & Nevada City

Walk the same boardwalks that desperate Vigilantes once patrolled. Window shop the same storefronts where your forebears once purchased frontier necessities and Victorian finery. Eat and drink in the same saloons and restaurants where rowdy miners mingled with women of negotiable affection. Ride the train, stagecoach, attend a show, stay the night in homey authentic lodging.

This is also the land of Lewis and Clark, who explored much of the region traveling up the Missouri River. Russell Country offers the best of the West—floating, camping, hiking, skiing and snowmobiling. "I was my son's age the last time I visited Yellowstone. Today I'm standing at Old Faithful again, my seven-year-old squeezing my hand. Both of us staring in wide-eyed wonder as it leaps impossibly high into air, painting clouds in the clear blue sky. After all these years, I realize it still has the power to make me feel like a little kid again."

Everything about Missouri River Country is big, starting with the sky. Vast reaches of plains, badlands and prairie wilderness, abundant waterfowl and wildlife, Fort Peck Dam—the largest hydraulic fill dam in the world—and a giant lake surrounded by 1,500 miles of shoreline set a stage of dramatic proportions. People are few in Montana's northeast corner, but smiles are abundant. Order a free Missouri River Country guide filled with regional attractions and scenery by calling 800-653-1319 or go to www.missouririver.visitmt.com.

YOU

CAN MAKE A DIFFERENCE

The Montana experience is as rewarding as each visitor makes it. Here are some tips to make your trip more enjoyable and ensure a quality experience for future visitors:

- Montana has an abundance of public lands, but that comes with a responsibility to protect them. Use caution with matches, campfires, cookstoves and other flame sources to prevent wildfires.
- Noxious weeds and aquatic nuisance species also spread like wildfire. Remove obvious debris and wash vehicles, boats, trailers and recreational equipment prior to traveling from an area. Avoid parking in and walking through noxious weed-infested areas.
- Help preserve our heritage by leaving ghost towns, mining camps and other historical attractions intact. Take photographs, but nothing else.
- Leave Montana's natural features as you find them. Plants and flowers are best enjoyed in their natural state.
- Respect the rights and property of others. Always get permission before entering private land.
- Dispose of trash properly.
- For your safety and theirs, enjoy wildlife from a distance.
- We're known for our friendliness—especially when you respect our traditions, customs and local ordinances.
- Support our economy; look for the Made in Montana label when you shop.

LEWIS AND CLARK

www.lewisandclarkbicentennial.com

Retrace the route of the Lewis and Clark Expedition through Montana. In just over 28 months—from May 1804 to September 1806—Meriwether Lewis and William Clark traveled more than 8,000 miles on foot, on horseback and by boat. More than a quarter of that distance was spent in Montana, where much of the land they explored remains unchanged. Follow them through Montana along portions of many state, U.S. and interstate highways, on the map above. Look for the Lewis & Clark Trail sign.

Follow the journey,

here are a few points of interest for you to visit...(1) Fort Union Trading Post National Historic Site; (2) Glasgow; (3) Fort Peck; (4) Charles M. Russell National Wildlife Refuge; (5) Missouri Breaks National Back Country Byway; (6) Fort Benton; (7) Loma and the Marias River; (8) Upper Missouri National Wild and Scenic River; (9) Great Falls; (10) Gates of the Mountains; (11) Helena and Canyon Ferry Recreation Area; (12) Missouri Headwaters State Park; (13) Beaverhead Rock State Park; (14) Clark's Lookout State Park; (15) Dillon; (16) Camp Fortunate Overlook; (17) Lost Trail Pass; (18) Sula; (19) Travelers' Rest at Lolo; (20) Lolo Hot Springs; (21) Lolo Pass Visitor Center and Packer Meadows; (22) Buffalo Mirage Access; (23) Pompeys Pillar; (24) the Yellowstone River; (25) Camp Disappointment; (26) Blackfeet Encounter and Rendezvous

For Undaunted Travelers Only

Watch... for ghosts.

Listen... for echoes.

Feel... the history, where 15,000 Indians gathered to end their warring over buffalo hunting grounds. Where treaties, later violated, paved the way for pioneer settlements that transformed Montana. Steady yourself as you imagine a buffalo stampeding through Lewis & Clark's May 28, 1805, campsite. Look down on the lands where wolves and grizzlies raided their food, where they rested after a grueling portage around the great falls, where they finished their whiskey and celebrated the nation's 29th Independence Day.

Now, for the first time, you can visit public displays on private farms and ranches that preserve Lewis & Clark and Montana's frontier history. Where the landowners use superior stewardship, designed to maintain these landscapes much as they were when Lewis & Clark journeyed across them. Where naturally sustained productivity is working to keep Montana Montana.
